MSDS PRODUCT INFORMATION

Date: 10/07/2005
To: MSDS Requester
From: 3E Company
Subject: The MSDS you have requested

☒ MSDS NOT REQUIRED

In response to your request for a Material Safety Data Sheet, according to the OSHA Hazard Communication Standard (Right-to-Know), the following item is an article. Articles are defined in 29 CFR 1910.1200(c). Products such as Drugs, cosmetics, food, or alcoholic beverages, wood or wood products, and tobacco or tobacco products, as defined in 29 CFR 1910.1200(b)(6), are exempt from the Hazard Communication Standard. Items that are considered articles, as defined in 29 CFR 1910.1200(c), are also exempt from this Standard. Therefore, the manufacturer is not required to provide an MSDS for this product.

☐ MSDS DISCONTINUED PRODUCT

In response to your request for a Material Safety Data Sheet, the manufacturer has discontinued the product listed below. The MSDS Attached is the most current version, or an MSDS is no longer available.

☐ MSDS BEST COPY AVAILABLE

The MSDS attached is the best copy available from the manufacturer.

☐ MANUFACTURER NO LONGER IN BUSINESS

In response to your request for a Material Safety Data Sheet, a current MSDS could not be obtained for this product. It has been determined that the manufacturer listed below is no longer in business. A current address and phone number could not be located.

Manufacturer: Kellogg Supply, Inc.
Product Name: Kellogg All Natural Planting Mix

Product Safety Information

KELLOGG ALL NATURAL PLANTING MIX Planting Mix

This Product Safety Information Sheet provides customers, distributors, dealers, applicators and others who handle this product with safety related information and recommendation for safe use. It is intended to be the equivalent of a Material Safety Data Sheet to the extent that the OSHA Hazard Communication Standard (29 CFR 1910.1200) applies to this product. Refer to the product label for additional information, or contact Kellogg Supply, Incorporated.

PRODUCT SAFETY DATA

I. PRODUCT IDENTIFICATION

Manufacturer: Kellogg Garden Products
Address: 350 W. Sepulveda Blvd. Carson, CA 90745
Phone number for additional information: (310) 830-2200
Date PSIS Prepared: April 2003
Prepared By: Kellogg Supply Inc.
Product Trade Name: Kellogg All Natural Planting Mix
Type of Product: Planting Mix

II. HAZARDOUS INGREDIENTS

This product contains no hazardous ingredients as defined by the OSHA Hazard Communication Standard in concentration greater than 0.1%. Kellogg All Natural Planting Mix is a proprietary formulation of organic bulking agents. It contains fir bark fines, forest humus, worm castings, peat moss, bat guano, kelp meal, oyster shell and dolomite lime (pH adjusters).

There are no specifically applicable exposure limits for this product. The ACGIH nuisance-dust Threshold Limit value of 10mg/m³ should be used for guidance.

III. PHYSICAL PROPERTIES

Density: 800 lbs. per cu. yd.
Solubility in water: Negligible
Appearance and Odor: Black/brown, finely divided, moist earthy solid. Mild, earthy organic odor.

IV. FIRE AND EXPLOSION

This product is within range of 30% to 40% moisture and does not constitute a fire or explosion hazard. If allowed to dry sufficiently this product may burn or if it becomes finely divided and mixed with air may explode if ignited. Water should be used to extinguish fires.

V. HEALTH HAZARD INFORMATION

Inhalation: If allowed to dry to dust and inhaled, respiratory irritation characteristic of dust inhalation may result. An allergic reaction may also occur in cases of over exposure due to microorganisms common to organic materials. These organisms are largely deactivated during the composting process, however the swallowing or inhalation of large quantities of this product may cause intestinal or allergic reactions. Chronic respiratory conditions may result from prolonged dust inhalation.

Skin / eye contact: Skin contact: no hazard. Eye contact: moderate irritation, watering and swelling. No evidence of permanent damage.

FIRST AID/ EMERGENCY PROCEDURE

Eye Contact: Flush with water. Seek medical attention if irritation persists.

Skin: Not applicable

Inhalation / Ingestion: Remove from exposure. Seek medical attention if discomfort persists.

VI. REACTIVITY DATA

This product is stable. Excessive dryness leading to fire Hazard is the main condition to avoid.

VI. SPILL, LEAK AND DISPOSAL PROCESSES

Not applicable: Spilled product should be cleaned up and used as directed.

VII. SPECIAL HANDLING INFORMATION

Ventilation: Not applicable for product use.

Respiratory protection: Disposable-type dust masks are recommended if dusty conditions exist.

Eye protection: Goggles / safety glasses with side shields are recommended if dusty conditions exist.

Personal hygiene: Avoid hand to mouth and eye contact. Face and hands should be washed after handling this product.

Other precautions: Maintain moisture levels at 30% to 40% with water spray to prevent dust and possible fire hazard conditions.
